

Table of Contents

1.0	Introduction	1-1
1.1	Study Goals	1-1
1.2	Essential Public Facility Designation.....	1-1
1.3	Regional Airport System Plan	1-2
1.4	Washington Aviation Systems Plan.....	1-2
1.5	Airport Location.....	1-2
1.6	Airport Management and Ownership Structure	1-3
1.7	Airport History and Activity	1-3
2.0	Inventory.....	2-1
2.1	FAA Advisory Circular 150/5300-13A, <i>Airport Design</i>	2-1
2.1.1	Runway Design Code	2-2
2.1.2	Taxiway Design Group	2-4
2.2	Airfield Design Standards	2-4
2.3	Modification of Design Standards	2-5
2.4	Airfield/Airspace	2-5
2.4.1	Runways	2-5
2.4.2	Taxiways	2-7
2.4.3	Apron	2-7
2.4.4	Pavement Condition and Strength	2-8
2.4.5	Lighting, Markings, and Signage of Runways and Taxi	2-9
2.4.6	Visual and Navigational Airport Aids	2-10
2.4.7	Air Traffic Service Areas and Aviation Communications	2-10
2.4.8	Instrument Approach Procedures	2-10
2.4.9	Airport Airspace and Usage	2-13
2.4.10	Obstructions to Air Navigation	2-15
2.4.11	Airport Noise Abatement Procedures	2-16
2.5	General Aviation Facilities	2-16

2.5.1	Fixed Base Operator (FBO).....	2-16
2.5.2	Airport Hangars	2-17
2.5.3	Based Aircraft.....	2-20
2.5.4	Based & Transient Aircraft Parking Aprons & Tie-downs.....	2-21
2.6	Airport Equipment	2-22
2.6.1	Snow Removal Equipment (SRE)	2-22
2.6.2	Other Equipment.....	2-22
2.7	Support Facilities.....	2-23
2.7.1	Snow Removal Equipment (SRE) Storage Buildings and Maintenance	2-23
2.7.2	Aircraft Fuel Storage and Use.....	2-23
2.7.3	Airport Equipment Maintenance Shop and Storage	2-25
2.8	Access, Circulation, and Parking.....	2-25
2.8.1	Airport Access Road & Circulation Network	2-25
2.8.2	Auto Parking.....	2-25
2.9	Utilities.....	2-26
2.9.1	Electricity.....	2-26
2.9.2	Water Supply	2-26
2.9.3	Waste Water	2-26
2.9.4	Fiber Optics and Communications	2-26
2.9.5	Waste Management & Recycling	2-26
2.9.6	Propane Gas.....	2-26
2.10	Meteorological Data	2-26
2.10.1	Wind Coverage	2-27
2.10.2	Temperature	2-29
2.10.3	Precipitation	2-30
2.11	Regional Setting and Land Use.....	2-30
2.12	Airport User Surveys.....	2-32
3.0	Aviation Activity Forecasts	3-1

- 3.1 Introduction 3-1
- 3.2 Background 3-1
- 3.3 Aviation Activity and Forecast Data Available for Harvey Field 3-3
- 3.4 Forecast Techniques 3-4
- 3.5 Historic and Current Aviation Activity Trends 3-4
 - 3.5.1 S43 Airport Management Activity Records 3-5
 - 3.5.2 FAA Airport Master Record Form 5010..... 3-6
 - 3.5.3 FAA Terminal Area Forecast: Historic and Future Aviation Activity at Harvey Field..... 3-7
 - 3.5.4 Washington DOT (WSDOT) Aviation System Plan: Historic and Future Aviation Activity at Harvey Field..... 3-10
- 3.6 Regional and Statewide GA Aviation Activity 3-11
- 3.7 National General Aviation Activity - FAA Aerospace Forecasts, FY 2014-2034..... 3-13
- 3.8 Local and Regional Demographic Trends 3-14
- 3.9 Factors that May Impact Future GA Activity 3-16
- 3.10 Methodology and Conclusions 3-17
- 3.11 Recommended Forecast of Aviation Activity at Harvey Field..... 3-17
- 3.12 Critical Design Aircraft..... 3-19
- 4.0 Facility Requirements..... 4-1**
 - 4.1 FAA Design Standards..... 4-1
 - 4.1.1 Runway Safety Area 4-2
 - 4.1.2 Runway Protection Zone 4-2
 - 4.1.3 Runway Object Free Area 4-3
 - 4.1.4 Obstacle Free Zone 4-3
 - 4.1.5 Runway Hold Position Markings 4-4
 - 4.1.6 Building Restriction Lines 4-4
 - 4.2 Airside Requirements..... 4-4
 - 4.2.1 Runway..... 4-5
 - 4.2.2 Taxiways and Taxilanes..... 4-10
 - 4.2.3 Airfield Lighting, Signage, and NAVAIDs..... 4-11

4.2.4	Airspace Requirements and Instrument Approach Review.....	4-12
4.2.5	Known FAR Part 77 Airspace Penetrations	4-14
4.3	General Aviation.....	4-14
4.3.1	Aircraft Parking Aprons.....	4-14
4.3.2	Apron Pavement	4-16
4.3.3	Aircraft Storage Requirements.....	4-16
4.3.4	Vehicle Parking.....	4-17
4.4	Airport Support Facilities.....	4-19
4.4.1	Fuel Storage Requirements - 100LL, Jet A, and Self-Fueling	4-19
4.4.2	Airport Administration	4-19
4.4.3	Airport Maintenance Facilities & Equipment.....	4-20
4.4.4	Aircraft Maintenance Facilities & Equipment	4-20
4.5	Facility Requirements Summary	4-20
5.0	Environmental Inventory.....	5-1
5.1	Air Quality	5-1
5.2	Coastal Resources	5-1
5.3	Compatible Land Use.....	5-3
5.4	Construction Impacts	5-4
5.5	Department of Transportation Act 4(f).....	5-7
5.6	Farmlands.....	5-7
5.7	Fish, Wildlife, and Plants.....	5-10
5.8	Floodplains.....	5-12
5.9	Hazardous Material, Pollution Prevention, and Solid Waste	5-17
5.10	Historical, Architectural, Archaeological, and Cultural Resources	5-18
5.11	Light Emissions and Visual Impacts.....	5-20
5.12	Noise.....	5-21
5.13	Secondary (Induced) Impacts.....	5-23
5.14	Socioeconomic Impacts, Environmental Justice, and Children’s Environmental Health and Safety Risks.....	5-24
5.15	Water Quality.....	5-24

5.16 Wetlands 5-25

5.17 Wild and Scenic Rivers 5-30

6.0 Development Alternatives & Recommended Plan 6-1

6.1 Development Goals 6-2

6.2 Airside Alternatives Analysis 6-2

6.3 Critical Design Requirements and Constraints 6-4

6.4 Design Process – Airside Alternatives Identification & Analysis 6-5

6.4.1 Alternative 1: Starting Point 6-5

6.4.2 Alternative 2: Use Partial Parallel Taxiway 6-6

6.4.3 Alternative 3: Construct a 3,400-foot Runway and Move Airport Way South 6-7

6.4.4 Alternative 4: Construct 2,400-foot Runway and Move Airport Way South 6-7

6.5 Taxiways 6-12

6.6 Airfield Visual Aids 6-14

6.7 Landside & Airport Support Facilities Alternatives Analysis 6-14

6.7.1 Aircraft Hangar Development 6-15

6.7.2 Terminal Apron Parking 6-15

6.7.3 Airport Support Facilities 6-17

6.8 Pavement Management Recommendations 6-17

6.8.1 Equipment Replacement Schedule 6-18

6.9 Facility Requirements Analysis and Recommended Development Plan 6-19

6.10 Subset of Projects from S43’s Recommended Alternative 6-22

6.11 Environmental Review of Near-Term Projects 6-23

7.0 Capital Improvement & Airport Financial Implementation Plan 7-1

7.1 Introduction and Background 7-1

7.2 Proposed Project Implementation Plan 7-2

7.3 Scheduling Considerations for Recommended Airport Projects 7-2

7.3.1 Airside Development 7-2

7.3.2 Landside Development 7-5

7.4 Funding Options for Capital Improvement Plan 7-5

7.5 Project Cost Estimates and Funding Sources 7-7

List of Appendices

- Appendix A – Glossary
- Appendix B – User Surveys
- Appendix C – Recommended Annual Operations Adjustments
- Appendix D – Aircraft Performance Charts
- Appendix E – Biological Assessment Summary and Endangered and Threatened Species Technical Memorandum
- Appendix F – Water Surface Elevation Models
- Appendix G – Airport Recycling, Resue, and Waste Reduction Plan
- Appendix H – Noise Analysis
- Appendix I – Wetland Delineation Study
- Appendix J – PAC Airport Master Plan Update Presentation
- Appendix K – Exhibit A, Airport Property Map
- Appendix L – FAA’s RTTF Policy

- Appendix M – Cost Estimates
- Appendix N – Snohomish County Letter
- Appendix O – Snohomish County Code Density Fringe Requirements
