Presentation:

The PAC meeting was conducted in an “open house” format to allow members a preview of the community open house which followed the PAC meeting. Information presented included inventory, aviation forecast, and facility requirements. The boards and handouts presented are available at www.harveyfield.com under the Master Plan/Meetings tab. Written comments received during the PAC meeting were included with the community open house written comments. A summary of comments along with comment responses will be posted on the website.
